## Welcome to EURAPS 2019!

The local hosts are delighted to invite you to Helsinki to enjoy Nordic spring time and to participate in the Annual Meeting of the EURAPS - European Association of Plastic Surgeons. The meeting will take place 23-25 May 2019 in one of the landmarks of Helsinki, the Finlandia Hall designed by Alvar Aalto. The EURAPS research council- an innovative and young research meeting will precede the main meeting in the same venue 22-23.5.2019.

We are expecting a turnout of 4-500 participants from all subspecialties inside plastic surgery. This is the only meeting where one can meet all the key players of our speciality in Europe, both the decision makers and the young aspiring scientists! Presenting in a EURAPS meeting is a sought after privilege so the quality of the talks is exceptionally high.

The contribution of the trade companies, the exhibition, is an essential part of the meeting and therefore, companies dealing with medications, equipment, instruments and other medical products related to plastic surgery are invited to participate in this meeting.

This is a unique opportunity to meet and dialog with the most outstanding experts in the field and show your products while enjoying coffee or lunch.

Do consider becoming one of the sponsors of the meetings and take advantage of this opportunity to promote your products. We are very confident that this contribution will be very beneficial for the companies and also a key factor to the success of the meeting.

Springtime in Helsinki is magical with 18 hours daylight.

The whole EURAPS 2019 team is looking forward to seeing you here!
